About This Game

The gods don't hear the prayers of Gillwood, so it's now up to you to find out why!

The Secret Of Gillwood

The Secret of Gillwood is a single player game with a small open world set in a dark and mysterious environment. The player takes control of the most faithful Guardian of the gods.

Your mission is to help the gods of Gillwood, to uncover the mystery that suddenly silenced the town.

Features

- Exploration
- Analysis
- Puzzles

When the player enters the world of Gillwood, it's important to *explore* the surroundings. *Exploration* helps the player to progress through the games content by finding the right place.

When the player has *explored* and found the point of interest, it's time to *analyze* the surrounding environment to find where the *puzzle* starts.

The *puzzles* main parts will have the player jumping, completing time gated events and have good timing!

Title: The Secret of Gillwood
Genre: Adventure, Indie, RPG, Strategy
Developer:
Snow Moose Entertainment
Publisher:
Snow Moose Entertainment
Release Date: 28 Mar, 2019

b4d347fde0

Minimum:

Requires a 64-bit processor and operating system

OS: Windows 8.1, Windows 10 (64x)

Processor: Intel Core 2 Quad Q8300 2.5 GHz

Memory: 4 GB RAM

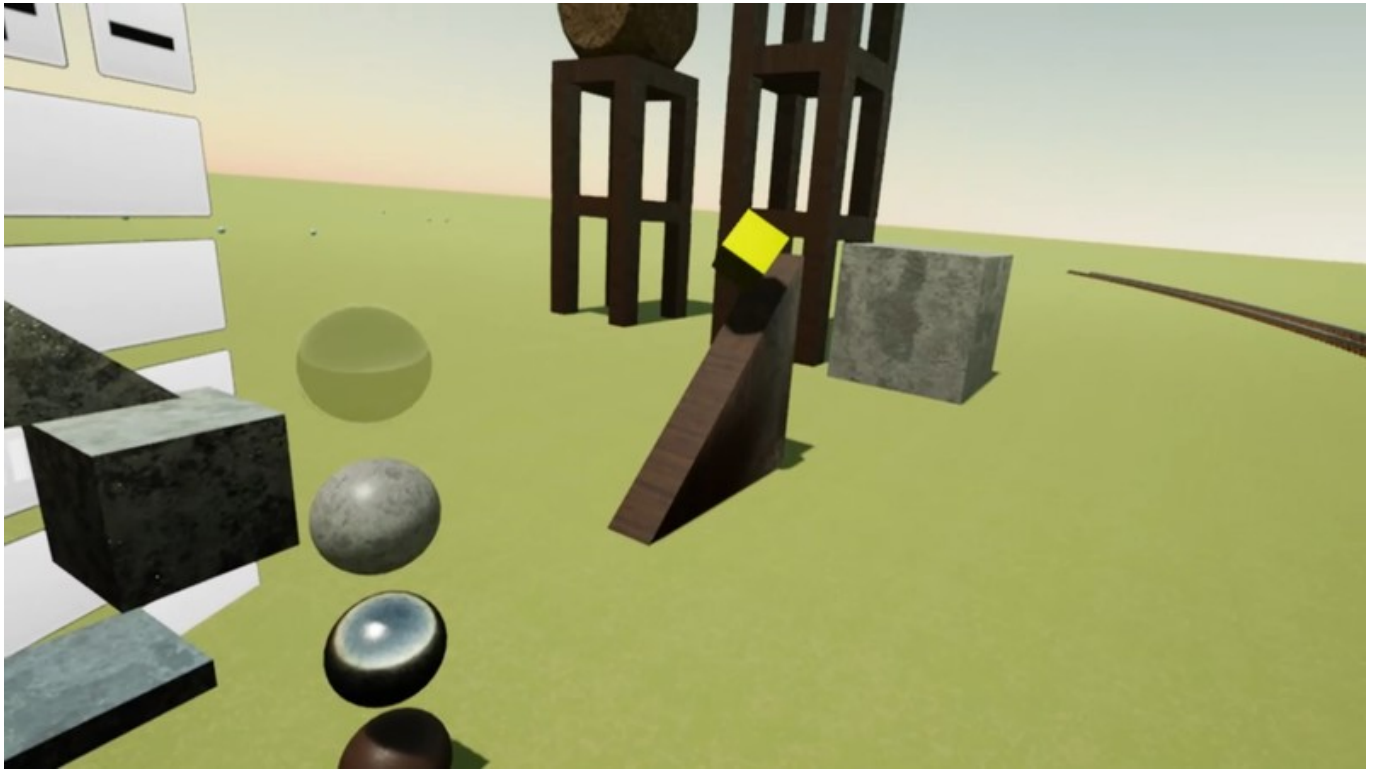

Graphics: Geforce GT710 2GB / AMD Radeon R7 Series 2GB

Storage: 2 GB available space

Additional Notes: Windows-compatible keyboard, mouse, headset

English

the secret of gillwood

Akane is a neo noir top down beat 'em up that's absolutely dripping with style, and soaked in blood. Just really scratches that deep dark psychotic itch.. childhood favorite. A great little visual novel that continues the Without Within story. Take an afternoon to read through the series.. These are never worth the price but they always entertain, except sometimes.. Sexy Sanji's and Zoro's film "z" suit

(\u0361\u00b0 \u035c\u0296 \u0361\u00b0). For gameplay and hints:

<https://www.youtube.com/watch?v=NXln4ydDXoQ>

Here's the basics:

- Short, can beat it in about 20 minutes

- Really cool environment in the first few sections, but can cause slowdown with all the foliage and effects

- You leave that cool environment for a boring cave quickly

- The main mechanic in the cave section is clunky and doesn't feel good

- Nothing too difficult, just frustrating at parts

If the first section was the basis for the game, I'd be down to recommend. But the bulk is spent in a cave with lame mechanics. That, plus a really short amount of content, means I can't recommend it.. I loved the original Princess Remedy, so I lost my mind when I heard a sequel was on the way. It's everything the first game did right, with extra mechanics and fun stuff thrown in to make it all the more interesting and diverse. It's short and sweet, and has adjustable difficulty settings if you're ever in the mood to replay it, or feel it's too easy. The writing is funny and charming, the design is unique and beautiful, and the action is fantastic and fun. I would highly recommend this to basically anyone who likes anything.

Too little thought into balance, too buggy. It's cheap and an amusing distraction, but stales quickly.. Fantastic game, it's a shame the developers have abandoned it. (Undetstandably so, you need a huge playerbase to keep a game running without any other projects.)

There are a lot of bugs in the game, most you read about in others reviews.
Get it on PS4 for some couch play, but stay away on PC and Online.. !!! Cinderella Escape 2 is not a puzzle platformer like the first one was !!!

The developer, only kept the story from the first game. else it is a brawler - a good one at it. Granted, the gameplay feels a little "stiff" now an then (no pun intended) and could be a little smoother to my taste but the game keeps you motivated and is not too grindy. I've taken a liking to it, but I can understand people that don't like the game. It certainly is way less smoothed out as other AAA Brawlers, but then none of the other brawlers are developed by just one person. That been said, you definetly can tell, these are mmd models ported to unity engine, if you have some experience with either of these programs, which by itself is not a bad thing but definetly sticks out.

Buy if:

- You like Brawlers and look for a game to play now and then
- You like the MMD art style
- You liked the first part, and don't have a problem fighting instead of puzzeling.
- You wanna experience a Cinderella story that is somewhat different, from what Disney wants to sell.

Don't buy if:

- You hate brawlers and are looking for a puzzlegame
- You despise any of the points above. I just like it. ===[\u2764 Audience:]===

\u2610 Kids

\u2611 Everyone

\u2610 Casual players

\u2610 Pro players

===[\u263c Graphics:]===

\u2610 Potato

\u2610 Really bad

\u2610 Bad

\u2611 OK

\u2610 Good

\u2610 Beautiful

\u2610 Masterpiece

===[\$ Price\quality:]===

\u2610 Full price

\u2611 Wait for sale

\u2610 Average

\u2610 Refund it if you can

\u2610 Don't do it

\u2610 Free

===[\u2623 Requirments:]===

\u2611 90' PC

\u2610 Minimum

\u2610 Medium

\u2610 Fast

\u2610 High end
